

VARIETIES IN THIS GARDEN

- Achillea millefolium Seduction Series ‘Saucy Seduction’—Featured Rozanne® and Friends variety***
 Large clusters of fuchsia pink flowers with foliage that is reliably robust and disease resistant, even in humid summers. The columnar habit of the Achillea Seduction series is remarkably dense, full and sturdy. ‘Saucy Seduction’ flowers can be used in both fresh and dried flower arrangements.
Height and spread: 27” (69cm); 26” (66cm)
Flowering time: Early summer, summer
US hardiness zone: 4-8
Aftercare Info: Requires little maintenance and will re-bloom if the initial flush of flowers are cut back as they begin to fade.
Recommended number of plants: 2-3 plants, 18” (46 cm) apart, and 18” (46 cm) in front of Stargazer lilies, and 2-3 more plants, 18” (46 cm) apart to finish the right edge of design.
- Leucanthemum superbum Freak!® (‘LEUZ0001’)—Featured Rozanne® and Friends variety***
 A real garden showstopper, Freak!® is covered with lots of frilly white, 2 to 2-1/2 inch (5 to 6 cm) flowers over compact, well-branched plants. Freak!® reblooms, providing flowers over a long period.
Height and spread: 13” (33cm); 21” (53cm)
Flowering time: Summer, late summer
US hardiness zone: 5-8
Aftercare Info: When flowering is over in late summer, cutback plants half-way for rebloom in the fall. Plant in well-drained soils to help prevent overwintering loss.
Recommended number of plants: 4 plants, placed 12” (30 cm) apart on right front of design.
- Hydrangea paniculata Bobo®—Accent shrub***
 Bobo® hydrangea is engulfed by large white flowers in summer. The flowers are held upright on strong stems and continue to grow and lengthen as they bloom. No flopping, unlike some panicle hydrangeas! As blooms age, they turn pink
Exposure: Sun
Height and spread: 36” (91cm); 36-48” (91-122cm)
Flowering time: Early summer, summer, late summer, early fall
US hardiness zone: 3-8
Aftercare info: Adaptable to many soils, moderate moisture required. Blooms regardless of climate, soil, pH or pruning. Prune in late winter/early spring. Fertilize in early spring by applying a slow release fertilizer specialized for trees and shrubs
Recommended number of plants: 1 specimen plant on back left of design.
- ‘Stargazer’ Oriental Lily, ‘Silver Brocade’ Artemisia, and Summer Beauty Ornamental Onion (Allium)—**Accent plants**
 For additional bouquet flowers, plant 5-7 ‘Stargazer’ plants in middle back, 4 ‘Silver Brocade’ 18” (46 cm) apart in left front and fill in the 4-6’ (1.2-1.8 m) middle of design with 3-4 ‘Summer Beauty’ Ornamental Onions 18” (46 cm) apart.

“In this design, the cutting garden is set along a white picket fence, bordered in the front by a gravel walkway to make the plants easy to access for cutting. The plants extend off both sides of the design to the desired width. This is a full sun garden that requires average moisture levels and well-drained soil. The bed is shown approximately 8-10’ long and 5-6’ deep”—Susan Martin, Midwest Region Garden Design Expert.

We are pleased to offer you these simple but effective **Garden Designs featuring Rozanne® and Friends** perennial varieties—which are a constantly-developing range of new perennial plants, each with outstanding garden performance, versatility and functionality to meet your needs, while offering exceptional value for your money. **Rozanne® and Friends variety names are shown in bold.**

We have enlisted the help of regional garden design experts to select other “must-have”, perennial varieties for your locale to complement the featured **Rozanne® and Friends** varieties. These varieties will likely be standard offerings at your favorite retailer, or you can ask for similar substitutes. Such variety names are not emphasized in bold.

To further enhance these garden designs, accent trees, shrubs, garden art or structures may be shown. If such accents are not available at your favorite retailer, ask them for a suitable alternative.

Exposure: Sun

Seasons of Interest: Early summer, late summer

Please note that not all plants may bloom at the same time as depicted on this design. See variety description for individual variety bloom seasons.
